ORGANIZING CHAIRPERSON’S MESSAGE

Ekáábó, Welcome!!

It is our pleasure to officially welcome you to the 32nd FAMSA General Assembly and 50th Anniversary. This general assembly will be held from November 18 to November 24, 2018. Come November, about 1,500 delegates will gather to address some of Africa’s most pressing challenges in healthcare.

Our team consists of passionate and committed medical students from all over Africa who are working tirelessly to deliver the most amazing conference ever.

Sustainability is important for healthcare in Africa. As healthcare students and as youths, we have enormous power to bring change to this pivotal aspect of humanity. This conference is poised to help us achieve this. This November 2018, top speakers, healthcare students, professionals, policy makers, researchers, academicians, student experts and government officials will gather from all over the world to discuss Africa’s most pressing healthcare challenges under the theme: Repositioning Healthcare in Africa for Sustainable Development. This conference will be a landmark gathering and will cause a shift into how everyone views the issues of Healthcare, Sustainability and Africa.

Application is open and we strongly encourage intending applicants to apply Early; and for international delegates, this is important in order for you to commence the visa application process as early as possible. We are available every step of the way to help you with registration, payment, visa, travel and much more. Also, the call for abstracts application will soon be published launched. We want to hear about your research and high-impact projects, therefore we encourage you to submit your abstracts for presentation.

There will be immersive in-conference trips for you to explore the host city and engage deeply with the African culture, coupled with exciting social events guaranteed to make you have a memorable experience.

Pack your bags and lift your spirits as we are taking you through a journey you will never forget. We will be waiting for you come November 18, 2018. Welcome to Ibadan, Nigeria, to FAMSA GA 2018 and to a life-changing experience!

At your service,

Jesutolulmi A. Omiye
Organizing Chairperson
FAMSA GA 2018.

On behalf of the Organizing Committee of FAMSA GA 2018.
Esite E. Winifred

I am pleased to welcome you all to the 32nd General Assembly and 50th anniversary of the Federation of African Medical Students' Association (FAMSA).

The theme being; “Repositioning healthcare for sustainable development in Africa” was well thought out being that as medical students in Africa, we play a very important role in our sustainable development.

The most powerful reminders of our responsibility to our continent is in our gathering here today, the look in the eyes of the internally displaced in Nigeria, the families of the Ebola victims in Democratic Republic of Congo, those at risk of Zika virus in Kenya, residents scared of the high rate of Hepatitis C in Egypt and HIV patients in South-Africa.

It is at times like this, we come together to acquire knowledge and seek growth in every aspect to enable us achieve a better Africa. I hope you all enjoy your stay here and receive maximum impact for a healthier, safer and fairer Africa.

Esite E. Winifred
FAMSA President
Founded in 1932, the University of Ibadan (UI) was the first university to be established in Nigeria. Originally an affiliated College of the University of London, it was granted full independent status in 1962.

What began life as a small institution with just three departments in Science, Medicine and the Arts, quickly expanded to become one of the country's most prestigious higher education institutions. Today UI comprises thirteen faculties, including College of Medicine, Dentistry, Social Sciences, Agriculture and Forestry, Education, Veterinary Medicine, Technology, Law and Public Health.

UI's Postgraduate School is the largest in Africa, with its undergraduate and postgraduate student population split 50/50. The university's ethos is founded on making education available to all, with a well-established Distance Learning Centre.

The university also lays claim to its own zoological and botanical gardens, which house endangered animals and plants, and run conservation programmes dedicated to supporting environmental needs.

Among the university's alumni are many notable individuals who have contributed significantly to the political, industrial, economic and cultural development of Nigeria, including the writer Wole Soyinka, awarded the Nobel Prize for Literature in 1986, and Chinua Achebe whose novel Things Fall Apart is the most widely read book in contemporary African literature.
History
Ibadan (the city of brown roofs) is the capital of Oyo state and located in the South-Western region of Nigeria. It is one of the oldest of the Yoruba kingdoms founded in 1829 by Lagelu – A Yoruba Warlord and Generalissimo.

Landscape/Climate
It is Africa's largest city by geographical area and is also rated the 2nd most populous city in Africa (after Cairo). The landscape is alluring with the hills and valleys, all beautifully intertwined. Ibadan has a tropical wet and dry climate.

“Ibadan, running splash of rust and gold-flung and scattered among seven hills like broken china in the sun.”
– J.P. Clark

Economy
Ibadan is the 4th largest state and 2nd largest non-oil state economy in Nigeria. The city is a major centre for trade in cassava, cocoa, cotton, timber, rubber, and palm oil. Home to several industries such as Agro allied, Textile, Food processing, Tobacco processing and Cigarette manufacturing and Leather works.
Culture
The people of Ibadan are very receptive and hospitable, referring to themselves as Omo Ìyá (Kinsmen). They enjoy to share their favorite meal of Àmàlà (a stapling made from yam flour), Ewédú (vegetable called Jute mallow) and Gbègìrì soup (from grinding cooked beans) with visitors. The women are known for wearing Ìró (wrapper) and Búbá (loose blouse), while the men wear Agbádá (baggy-shirts).

City of firsts
First skyscraper in Africa (Cocoa House)
First stadium in Africa (Liberty Stadium)
First television station in Africa (Nigerian Television Authority)
First teaching hospital in Nigeria (University College Hospital)
NIGERIA – GIANT OF AFRICA!

Culture
Nigeria, Africa’s most populous country, is composed of more than 250 ethnic groups; the most populous and politically influential are: Hausa and the Fulani, Yoruba, Igbo (Ibo), Ijaw, Kanuri, Ibibio and Tiv. The official language is English and there are over 500 additional indigenous languages.

Economy
Nigeria's economy is classified as a mixed economy emerging market, with its abundant supply of natural resources, well developed financial, legal, communications and transport sectors as well as stock exchange. It is Sub Saharan Africa's largest economy and relies heavily on oil as its main source of foreign exchange earnings and government revenues - GDP is $394.8 billion (2017 est.)

Time-Zone: GMT +1
Climate: This varies; equatorial in south, tropical in center, arid in north.

ACCOMMODATION

Delegates will be hosted into several hotels and suites within a 10 kilometer radius from the International Conference Centre (ICC), Ibadan. Transportation will be made available to ease movement between the venue and the hotels. Delegates will be informed of the transport plans, including arrival and departure time from the hotels to the event venue.

Various hotels have different room types, including Executive Suites, Deluxe Double, Suite Double, Deluxe Studio, Business Mini Suites (with and without view) and Royal Suites.

The rooms are well furnished and Wi-Fi is available. Also, accommodation comes with a complimentary breakfast and dinner. Additional features in some of these hotels include outdoor bars, gyms, swimming pools and massage lounges.

PLEASE NOTE: Payment for accommodation is separate from registration fees.
For delegates travelling by road or by air to Ibadan, Nigeria, we wish you safe travels. For foreign delegates, it is important to understand the transportation plan from your arrival at the airport to your hotel.

All delegates are strongly advised to arrive at the Murtala Muhammad International airport, Lagos. A trusted transport company has been contracted to receive you at the airport in Lagos. Buses and cars will be on ground to take you to your hotels in Ibadan. The journey to Ibadan is about 2-3 hours. A detailed plan will be sent to each delegate weeks before the start of the events. On your arrival at your hotel, you will be checked-in, and confirmed by a member of the organizers that you have arrived safely. Other information will then be given to you.

Delegates within Nigeria coming by flight are advised to arrive at the local airport in Ibadan. Cab services are available to transport you to hotel, where you will be checked-in and your arrival confirmed. Delegates within Nigeria coming to Ibadan by road will be sent the address of their hotel and routes from the entry points into Ibadan. Such delegates are advised to plan their arrival at the hotel in the morning or afternoon.

During the conference, vehicles will be available at your hotel to pick you up to the venue of the conference and back to your hotel after the conference. This will be done every morning, so delegates do not need to worry about getting to the venue themselves. Meanwhile, you are advised to adhere to the time of departure given, and always take your breakfast before leaving your hotel!
We know delegates may want to have fun around the city or go for some sight-seeing or even visit friends. We have prepared a mini-map to guide you. Your free movement is however not our scope of transport plans. At the left is a map showing all the hotels and suites and the venue of the conference.

INTRA-CONFERENCE MOVEMENTS
University of Ibadan International Conference Center (UIICC)

The 32nd FAMSA General Assembly and Scientific Conference is expected to take place at the University of Ibadan International Conference Centre (UIICC). Built in 2012, UIICC is located in a serene portion of the University of Ibadan campus, next to the Nigerian Institute of Social and Economic Research (NISER), in the ancient city of Ibadan – the largest city in West Africa.

UIICC has five halls, with an individual capacity ranging from 300 to 5,000 delegates, and a total capacity of 7,000 delegates in the entire complex. The stylish architectural masterpiece also boasts of a parking lot with a capacity of 700 cars, and a range of facilities and services such as: an outdoor space (Moat Pavilion), an outdoor bar as well as an African suya spot, all which ensure that visitors experience all that Africa has to offer.
THE BRIEF

In 2015, the global community transitioned from the Millennium Development Goals (MDGs) to the Sustainable Development Agenda for 2030. In the era of MDGs, Africa witnessed development in different spheres, albeit unevenly distributed and at a slow pace. Today, our continent is still faced with significant economic, social and environmental challenges which we must continue to take proactive steps to tackle.

The SDGs include 17 Global Goals, all interwoven and integrated, with the SDG 3 directly related to health. Healthcare is central to the overall development of a region, hence, we must reposition healthcare in Africa if we are to achieve sustainable development. We believe that to achieve this global healthcare goal, Africa must take a leading role, revolutionizing its healthcare systems to improve health indices across the continent which are, at present, abysmal. Then the important question is, how can we help to fix this?

The FAMSA General Assembly will bring together young and vibrant minds as well as professionals and relevant stakeholders in both the public and private sectors from across Africa and beyond to discuss ideas and initiate steps to position Africa on the path to sustainable development in health and by extension in every other sphere of human development.

THE AGENDA

Delegates at the conference will be tasked to reflect, think, debate, discuss and proffer novel recommendations towards designing a healthier and prosperous future for Africa and the world at large.

Delegates will build amazing Networks, acquire Skills, create Solutions and ultimately contribute to Massive impact in healthcare.

THE OUTCOME

After the conference, reports, summaries and Resolutions will be developed from the discussions and distributed to Governments, Private and Public institutions, Universities and NGOs. These reports will serve as recommendations that will help inform decisions concerning healthcare in Africa and the world. The reports will also be made available in the public domain.

Delegates will have the opportunity to effectively learn how to contribute to a sustainable Africa and will be spurred to implement solutions to achieve this goal as they return to their respective countries and beyond.
Excursions during the conference will provide an opportunity to immerse yourself in Nigerian and African culture and in the ancient city of Ibadan.

Excursion trips will be to Olumo rock and Agodi Gardens.
FREQUENTLY ASKED QUESTIONS (FAQs) ABOUT FAMSA GA 2018

1. What is FAMSA GA 2018?
   - The Federation of African Medical Students' Associations General Assembly (FAMSA GA) is the highest representative policy-making body of the Federation. The General Assembly serves as the annual meeting of African medical students under the umbrella of FAMSA. The FAMSA GA also hosts a scientific conference which includes plenary sessions, breakout sessions, oral and poster presentations, workshops, short courses, and trainings. The Conference welcomes students, healthcare professionals, policy makers, researchers, industry experts and enthusiasts from all over the world, to discuss topical matters regarding global health and sustainable development.

2. Why should I attend this conference?
   - The mission of the conference is to inspire a generation of healthcare students and participants to take charge and play active roles in structuring the future of healthcare in Africa for sustainable development. By attending this conference, you are playing a key role in building a healthier and prosperous Africa. The networking opportunity this conference offers is amazing as top speakers from various organizations, and healthcare students from all over the world are set to be in attendance. It is set to be a historical one!

3. Can I pay my registration fee on arrival?
   - No, all delegates must register and pay before arriving at the venue. This is to ensure adequate logistics planning for delegates. To pay for the conference, kindly register, and follow the instructions in the reply mail. Also, check the registration page in this document for more details.

4. Is the Scientific conference different from the General Assembly (GA)?
   - Yes, they are different. The General Assembly is the highest policy making body of the Federation. This is where the activities of the Federation are reviewed with the rules of legislature, and also the electoral gathering for the appointment of new executives of the Federation. It is at the General Assembly that the ongoing executive council are reviewed and dissolved, and another council elected in its place for another administrative year.

5. Can non-Africans attend the General Assembly?
   - Everyone can and should attend the Scientific Conference which includes plenary sessions, oral presentations, workshops, short courses, trainings, hackathons and social events. Non-registered medical students' associations (MSAs) may wish to observe the assembly only and cannot participate. Only registered MSAs will be allowed to participate (that is, make contributions) in the FAMSA general assembly. During the electoral process, only the delegation appointed by appropriate authorities of the respective medical students' associations (Dean of faculty, association president or as according) can vote. The modalities for this meeting will be sent to MSA representatives before their arrival.

6. How can I obtain a Nigerian visa?
   - Delegates are advised to visit www.portal.immigration.gov.ng to apply for a visa online. Delegates can also visit the Nigerian Embassy in their country to apply. An invitation letter will be sent to delegates upon confirmation of payment, however if required earlier, it may be requested for after confirmation of payment. Check the visa page in this document for more details.

7. I would be coming for the conference through the airport, how do I find my way to my lodgment?
   - All delegates coming into Nigeria (especially for the first time) to the GA are strongly advised to pay for AT LEAST ‘registration and transportation’ as this will guarantee that their transport logistics to and from the airport is covered. However, delegates can reach the members of organising committee on dedicated numbers as they find their way to their lodgment. Address of hotels for each delegate would be sent to delegates prior to arrival.

8. Can I present my research work during the conference?
   - Yes, a call will be released for submission of abstracts.

9. How can French speaking delegates benefit maximally from this General Assembly and Scientific Conference?
   - Official documents and information regarding the conference will be made available in both French and English languages, however the official language to be used during the conference will be English including the Conference materials. There will be a brief summary of the sessions in English and French by the Masters of Ceremonies.
